## Research

**Purpose**: to improve the skills, knowledge, communications, collaborations, and creative expression of or band through quantitative or qualitative inquiry.

~~~

**Step One for Research:** Determine the problem you wish to investigate. Conduct a search for reliable sources to gather information for your music project. Find 3 scholarly sources for your project information. Study these articles, texts or websites, keeping your "question to answer" in mind and cite using Zotero or Microsoft Word citation features. Complete the form below and submit it on Moodle (students) or email it Dr. Collins (community members).

My Name/Major or Profession:
